

Information Access Systems, Inc., Awarded State of Florida IT Consulting Services Contract

Information Access Systems, Inc., has been awarded the Information Technology Consulting and Services State-Term Contract (STC 973-561-010-1)

ORLANDO, FL, (PRWEB) Nov 24, 2009 – The Florida Department of Management Services has approved Information Access Systems, Inc., a leading Systems Integrator specializing in Imaging, Workflow, and Enterprise Content Management Solutions, for the State’s Information Technology Services Contract. This award provides services covering all four project categories including: Analysis & Design, Development & Integration, Operational Support, and Staff Augmentation for any government entity within the State of Florida.

“We are honored to have been selected to provide our extensive document management consulting experience for eliminating paper, automating core business processes, and improving service to all Florida government customers,” said David Godiksen, President of Information Access Systems. “We have seen many of our existing government customers who embrace these types of solutions drive efficiencies across their enterprise and ultimately produce real value for their constituents.”

Information Access Systems is headquartered in Orlando, Florida and has been deploying enterprise technology solutions to government customers for more than a decade. The IAS team has a definitive history of success in supporting various Southern based entities in state, city, and county governments including law enforcement, clerks of the courts, motor vehicles, utilities, finance & administration, and board of commissioners.

The three year state term contract will allow Information Access Systems to offer its complete list of consulting services with a cost effective procurement vehicle for all Florida government customers. For more information please visit the IAS website at www.iasinc.net or the State of Florida Department of Management Services website at dms.myflorida.com/.
